

Task Tour 34: Controlling Media Player

Control music playing on your computer without moving your cursor from the program you're using.

Say commands in order, making sure to watch what happens between commands. Pause at any “ · ” to go step-by-step. Say “UC Lesson” or “UC Full” followed by a lookup number for command details (for example, “**UC Lesson 2 Point 1 5**”).

IMPORTANT: you must have a Media Player playlist or song list that contains at least five songs to take this tour.

Say these commands in order	This is what will happen	Lookup
Speech On · Media Player Open (If necessary to click Library Local 35 By 9 -- you may have to adjust these and subsequent numbers to fit your computer If necessary to click a playlist or song list Local 8 By 24)	Turns on the asleep (yellow) microphone and opens Windows Media Player	2.15 4.3 4.3
